Lisa Muehle, Director (*Mathematics, Science, Test Preparation & the Cambridge SAT Colloquium*)

Lauren Meggison, MA, MFA, Ph.D., Director (*Language Arts, Elementary Education & the Cambridge Lyceum*)

Spring 2009

Dear Parent:

**You want the best for your child.** You want your student to be accepted by the college of his/her choice. You know your child will have to prepare for the SAT, but you don't want it to add further stress to his/her already busy schedule.

**Not all SAT test prep courses are alike.** Last-minute "crash" courses produce moderate score improvement – and they take a lot of time from your student's schedule, often at the very busiest times of year. **Our Cambridge SAT Colloquium program is different. It is a comfortable, paced program that runs throughout the academic year for 7<sup>th</sup> through 11<sup>th</sup> grade students.** Students may join the program at any point (7<sup>th</sup> – 11<sup>th</sup> grade). Because the true secret to SAT score improvement is time, our students have had phenomenal score results, including three perfect SAT I scores!

Our 7<sup>th</sup> grade course meets once a week and 8<sup>th</sup> – 11<sup>th</sup> grade groups meet on alternating weeks throughout the school year (September – June). **Our curriculum is gauged to suit each grade level. Students benefit from academic enrichment in math and English skills, and they learn valuable test-taking strategies for all standardized tests.** Ninety-minute classes are available on specified afternoons, weeknights and Saturdays. Students can switch sessions as required by their schedules. The 11<sup>th</sup> grade program includes eight additional spring lessons just before the May 2010 exam date.

**Because you want the best program available for your student, consider the Colloquium program:**

- Small class setting
- Knowledgeable, friendly teachers
- Results oriented instruction and curriculum (including official SAT practice tests)
- Founded, supervised and some classes taught by award-winning SAT author and Cambridge Director Lisa Muehle
- Cost effective program
- Time is on your side to maximize your student's score potential

**Cambridge also offers summer and academic year tutoring for all subjects and levels** (in-home, at our center or at a local library). We provide **private test prep instruction for all tests:** SAT I, SAT II, ACT, AP, IB, SSAT, HSPT, ISEE, COOP, GED, CBEST, GMAT, LSAT, GRE. **Independent Study courses** are available for grade replacement and academic enrichment. The **Cambridge Lyceum for Elementary Enrichment and Test Prep** is offered for 4<sup>th</sup> – 6<sup>th</sup> grade students.

Please see the reverse side of this page for further information about the *Cambridge SAT Colloquium*. **Contact the Cambridge office at 949/443-2700 or 714/997-5500 to receive an enrollment packet for the 2009 – 2010 academic year.** "Early Bird" enrollees receive a gift!

Very truly yours,

Lisa Muehle & Lauren Meggison, MA, MFA, Ph.D., Directors
